[See selected presentations in the “Presentations in Waiting” section](#)

# 2026 National Homeland Security Conference

Kentucky International Convention Center

221 S 4<sup>th</sup> Street

Louisville, KY 40202

## Draft Conference Agenda

### Best of Show

#### Definition:

These are the most highly ranked presentations from Monday and Tuesday, and Wednesday morning.

#### Determination:

After the final morning session on Wednesday (Session 5), attendees will use the app to select up to three presentations for recognition. The top five will give an encore presentation on Thursday at 11:15 AM. Please note that Wednesday afternoon sessions are excluded to allow for result tallying.

**Notification:** Winners will be posted on the NHSC website and emailed at 5:00 PM on Wednesday. Participating presenters should check the app at that time. Winners are expected to present their encore on Thursday at 11:15 AM.

### Sorry I Missed That!

#### Definition:

This category addresses feedback that there are too many great sessions to choose from, allowing attendees to highlight sessions they were unable to attend due to scheduling conflicts.

#### Determination:

Throughout the sessions on Monday and Tuesday, and the morning session on Wednesday, attendees can use the app to select the presentation they missed while attending another function. The top five selections will give an encore presentation on Thursday at 11:15 AM. Wednesday afternoon sessions are excluded from consideration.

**Notification:** Winners will be posted on the NHSC website and emailed at 5:00 PM on Wednesday. Presenters must check the app at 5:00 PM and be prepared for the encore presentation on Thursday at 11:15 AM.

### How to Participate

Attendees can participate by using the app to build their schedules and completing the surveys when prompted.

**Draft Conference Agenda**

**TOUR DESCRIPTIONS – *This is just the beginning, more tours to be added soon!***

**Tour #1: Churchill Downs**

**Maximum Attendees:** 30 per tour

**Check-In Location:** **TBD**

**Departure Times:** Monday 9:00 AM and 1:30 PM; Thursday: 1:00 PM

**Duration:** 3 hours (including transit time)

**Transportation Provided:** Yes

**DESCRIPTION**

Churchill Downs is an iconic thoroughbred racetrack and large-scale event venue that hosts hundreds of thousands of visitors annually, including global audiences during the Kentucky Derby. The facility integrates advanced crowd management, access control, and emergency response planning to safely support mass gatherings. Touring Churchill Downs provides insight into how private venues coordinate with public safety agencies during major special events. This tour highlights best practices in mass-event security, threat mitigation, and public-private collaboration.

**Tour #2: Louisville Emergency Operations Center / Real Time Crime Center, IT Cyber**

**Maximum Attendees:** 50 per tour

**Check-In Location:** **TBD**

**Start Times:** Monday 9:00 AM, 1:00 PM, and 4:00 PM; Thursday: 1:00 PM

**Duration:** 2 hours (including walking time)

**Transportation Provided:** No, the location is within walking distance from the Convention Center (**0.0** miles away)

**DESCRIPTION**

The Louisville Emergency Operations Center (EOC) serves as the city’s central hub for coordinating response to emergencies, disasters, and large-scale incidents. Its Real-Time Crime Center and cybersecurity operations integrate live data, analytics, and surveillance feeds to enhance situational awareness. Visitors can observe how technology and information sharing enable rapid decision-making across agencies. This tour demonstrates modern command-and-control operations, cyber resilience, and fusion of intelligence for threat prevention

### Tour #3: Jim Beam Claremont and Booker

**Maximum Attendees:** 30 (one tour)

**Check-In Location:** TBD

**Departure Time:** Monday: 9:00 AM

**Duration:** 5 hours (including transit time)

**Transportation Provided:** Yes, 45-minute drive to and from

#### DESCRIPTION

The Jim Beam Distillery is a globally recognized spirits production facility and major economic driver, combining manufacturing, warehousing, and tourism operations. The site relies on strict safety, fire prevention, and supply-chain security protocols due to its large volumes of flammable materials. A tour showcases how industrial facilities manage risk while remaining open to the public. Homeland Security audiences gain insight into protecting critical manufacturing infrastructure and safeguarding supply chains from disruption.

**Tour #4: Angels Envy Distillery**

**Maximum Attendees:** 25 (one tour)

**Check-In Location:** **TBD**

**Start Time:** Monday 1:00 PM

**Duration:** 3 hours (including walking time)

**Transportation Provided:** No, the location is within walking distance from the Convention Center (**0.0** miles away)

**DESCRIPTION**

Angel’s Envy is an urban distillery located along Louisville’s downtown waterfront, blending tourism with active spirits production. The facility operates at the intersection of public access, commercial activity, and industrial processes. The tour highlights how urban facilities balance visitor experience with safety, compliance, and emergency preparedness. This site illustrates challenges related to urban critical infrastructure and public-facing industrial security.

**Tour #5: Louisville Metropolitan Police Department (LMPD) Wellness Center**

**Maximum Attendees:** 30 per tour

**Check-In Location:** **TBD**

**Start Times:** Monday 9:00 AM and 1:30 PM; Thursday: 1:00 PM

**Duration:** 2 ½ hours (including walking time)

**Transportation Provided:** No, the location is within walking distance from the Convention Center (**0.0** miles away)

**DESCRIPTION**

The LMPD Wellness Center focuses on physical, mental, and operational readiness for law enforcement personnel. It supports resilience, stress management, and long-term workforce sustainability for first responders. Touring the facility provides a look into modern approaches to officer wellness and performance. Homeland Security visitors benefit by learning how wellness programs directly support mission readiness, continuity of operations, and personnel retention during sustained incidents.

**Tour #6: Louisville Zoo**

**Maximum Attendees:** 30 per tour (one tour Monday, one *tentative* tour Thursday)

**Check-In Location:** **TBD**

**Departure Time(s):** Monday 9:00 AM, *Thursday (tentative)*

**Duration:** 3 hours (including transit time)

**Transportation Provided:** Yes

**DESCRIPTION**

The Louisville Zoo is a major public attraction hosting large crowds, special events, and educational programming year-round. It encompasses unique safety considerations including animal containment, perimeter security, and emergency evacuation planning. The tour demonstrates how non-traditional venues integrate emergency response plans and interagency coordination. The zoo provides a case study in securing family-oriented public spaces and managing unconventional risk environments.

**Tour #7: Louisville International Airport**

**Maximum Attendees:** 30 people (one tour)

**Check-In Location:** **TBD**

**Departure Time:** Monday 1:00 PM

**Duration:** 3 hours (including transit time)

**Transportation Provided:** Yes

**DESCRIPTION**

Louisville International Airport is a critical transportation and logistics hub supporting both passenger travel and global cargo operations. The airport integrates federal, state, and local agencies to ensure aviation security and continuity of operations. Visitors gain insight into screening, perimeter security, and emergency response coordination. This tour directly aligns with aviation security, border protection, and infrastructure protection mission areas.

#### Tour #8: Rubbertown (critical infrastructure)

**Maximum Attendees:** 40 (one tour)

**Check-In Location:** **TBD**

**Departure Time:** Monday 1:00 PM

**Duration:** 3 hours (including transit time)

**Transportation Provided:** Yes

#### **DESCRIPTION**

Rubbertown is a concentrated industrial corridor housing multiple chemical and manufacturing facilities essential to regional and national supply chains. The area presents complex challenges related to hazardous materials, environmental safety, and industrial security. Touring Rubbertown highlights coordinated planning among industry, emergency responders, and regulators. Tour attendees gain exposure to chemical infrastructure protection and risk mitigation in high-consequence industrial zones.

#### Tour #9: Metropolitan Sewer District (MSD) Flood Plan (includes tour of basins, new tunnel, and pump stations)

**Maximum Attendees:** 40 (one tour)

**Check-In Location:** **TBD**

**Departure Time:** Monday 9:00 AM

**Duration:** 3 hours (including transit time)

**Transportation Provided:** Yes

#### **DESCRIPTION**

The Metropolitan Sewer District's flood protection system includes massive underground tunnels, basins, and pump stations designed to manage extreme weather events. These systems protect communities, critical facilities, and economic assets from catastrophic flooding. The tour demonstrates large-scale infrastructure resilience and long-term mitigation planning. This tour illustrates climate resilience, infrastructure hardening, and continuity planning for essential services.

**Tour #10: Louisville Fire/LMPD Boat Tour**

**Maximum Attendees:** 30 per tour

**Check-In Location:** **TBD**

**Start Time(s):** Monday 9:00 AM and 1:00 PM: **Thursday 1:00 PM tentative**

**Duration:** 3 hours (including walking time)

**Transportation Provided:** No, the location is within walking distance from the Convention Center (**0.0** miles away)

**DESCRIPTION**

Louisville Fire and LMPD boat operations provide emergency response, rescue, and security along the Ohio River. These units support incidents involving maritime traffic, flooding, and waterfront events. The tour shows joint operations between fire and law enforcement in a waterborne environment. Those joining the tour will observe maritime security, interagency coordination, and response to water-based threats.

### Tour #11: Kentucky State Emergency Operations Center

**Maximum Attendees:** 30

**Check-In Location:** TBD

**Departure Time:** Monday: 9:00 AM

**Duration:** 4 hours (including transit time)

**Transportation Provided:** Yes, one-hour drive to and from

#### DESCRIPTION

The Kentucky State Emergency Operations Center coordinates statewide disaster response and resource allocation across agencies. It serves as the command hub during natural disasters, public health emergencies, and major incidents. Visitors learn how state and local partners integrate information and decision-making processes. This tour reinforces lessons in multi-jurisdictional coordination, federal-state integration, and large-scale emergency management.

## MONDAY'S TRAININGS AND SEMINARS

### TRAINING & TESTING - AEM/CEM CERTIFICATON PREPARTORY COURSE

The International Association of Emergency Managers (IAEM) will be offering the AEM/CEM preparatory exam course from 0800 to 1300 and the AEM/CEM Exam from 0830 to 1000. The cost of the preparatory course and exam fee are NOT included with your registration fee. Registrants who indicate they would like to attend the prep course and/or take the exam will also need to register directly with IAEM at :TBD; to finalize their registration. The registration deadline is TBD. Onsite registration is not available.

#### Summary:

What emergency manager hasn't worked through a long or challenging after-action review process following a real-world incident? Drawing on years of experience with after-action reviews and continuous improvement, a panel of state and local emergency managers will discuss their approaches to completing after-action reviews. FEMA's Continuous Improvement Technical Assistance Program will moderate, and lead discussions focused on the development and success of their jurisdictions' After-Action Reports (AARs) from recent major incidents. The panelists will consider what went well and describe what they would do differently to drive more change and action through their after-action review process. The discussion will consider topics from all four continuous improvement phases described in FEMA's National Continuous Improvement Guidance (Discovery, Validation, Resolution, and Evaluation). This will include discussion of data collection and analysis, action tracking, and assessing the success of completed actions. During the discussion of each phase, attendees will be engaged through a question-and-answer session with the panelists and moderator.

#### Learning Objectives:

- Participants will learn more about the continuous improvement process as described in FEMA's National Continuous Improvement Guidance.
- Participants will engage in peer-to-peer learning on approaches that worked well for their continuous improvement activities using recent incident after-action reviews.
- Participants will gain tactical knowledge of continuous improvement principles that may apply to their specific work environment.

#### Intended Audience:

- Emergency managers at all levels, as well as those who work with non-governmental (private sector and non-profit) organizations, who engage in continuous improvement activities.

## SEMINAR - DISASTER RECOVERY: A STRATEGIC OVERVIEW OF THE PUBLIC ASSISTANCE PROCESS (MGT-481) TEEEX

The Disaster Recovery for Senior Officials course provides a strategic overview of the FEMA Public Assistance Process that is essential to disaster recovery for local communities. The FEMA Public Assistance Process provides funding for local governments and eligible Private Non-Profit organizations to conduct effective long-term recovery. Unfortunately, many jurisdictions do not have a good understanding of this process and thereby fail to obtain, and retain, all the recovery revenue the community is eligible for. This course will provide senior leaders and staff planners with the key elements, milestones, and pitfalls to avoid when guiding a local jurisdictions recovery plans and operations. MGT481 - 4.00 HOURS

### Prerequisites:

- There are no prerequisites for this course.

### Recommendation:

- Disaster recovery awareness | AWR408 -Online Course (1 hour)

### Topics:

- Overview of the FEMA public assistance program
- Pre-disaster recovery planning
- Key milestones and pitfalls in recovery operations
- Best practices for local jurisdictions and partners

### Participants

- Local government senior officials and staff
- Emergency managers
- Local government finance managers
- Public works and utility managers
- Public power managers
- Healthcare non-profit managers
- School district administrators
- Public information officers
- Senior officials, leaders, and local staff
- Private non-profits

#### **SEMINAR – CRISIS LEADERSHIP (MGT-340) TEE X**

The Crisis Leadership seminar is an executive-level presentation for the nation's senior officials at the city, county, region, territory, tribal, and state levels. Seminar participants will discuss strategic- and executive-level issues and challenges related to preparing for, responding to, and recovering from a catastrophic incident. The venue provides an excellent opportunity to share proven strategies and practices and apply lessons-learned from past natural, technological, and human-caused disasters.

The seminar is a facilitated, free-flowing discussion of the stresses of crisis leadership and decision-making gained from an examination of a selected case study of a catastrophic event. The seminar uses the case study to frame the discussion on ways to overcome leadership challenges before, during and after an incident. The outcome of the seminar is the development of individual and/or jurisdictional action plans to guide improvement of emergency preparedness, response and recovery actions.

#### **Prerequisites:**

- There are no prerequisites for this course.

#### **Course Agenda:**

Module 1 – Class Introduction and Administration/Pre Test – 20 minutes

Module 2 – Introduction to the Disaster – 30 minutes (Mandalay Bay Active Shooter Event) Pre-disaster recovery planning

Module 3 – Leadership – 40 minutes Best practices for local jurisdictions and partners

Module 4 – Planning – 40 Minutes

Module 5 – Crisis Communications – 40 minutes

Module 6 – Develop an Action Plan – 50 minutes

Module 7 - End of Course Summary and Post Test – 20 minutes

#### **Class Size:**

Maximum 50 students

## TRAINING – TACTICAL RESPONSE TO SUICIDE BOMBING INCIDENTS, MOBILE (AWR-426) NEW MEXICO TECH

Tactical Response to Suicide Bombing Incidents (TRSBI), Mobile is a course that provides law enforcement tactical officers with knowledge to prevent and respond to suicide bombing incidents. Through lectures, discussions, case studies, and exercises, law enforcement tactical officers are presented with information on preventing, deterring, and mitigating the effects of a suicide bomber. In addition, course participants learn how to implement response strategies for active suicide bombers and post-blast incidents. The course culminates with a tabletop exercise where course participants can apply the knowledge they have gained throughout the course by practicing life-saving tactics, techniques, and procedures during a notional suicide bombing scenario.

### Terminal Learning Objectives (TLOs)

- Recognize the suicide bombing threat and the variety of emerging tactics terrorists use to accomplish their objective.
- Recognize explosive characteristics, blast effects, and common military, commercial, and homemade explosives.
- Identify Suicide Bombing Improvised Explosive Devices (SBIEDs), their components, and their delivery methods.
- Apply appearance and behavioral indicators to determine reasonable suspicion and probable cause in a suicide bombing attack.
- Evaluate strategies to respond to person-borne or vehicle-borne improvised explosive device attacks.
- Identify response strategies needed to safely and effectively respond to post-blast events.
- Discuss the initial considerations of tactical officers during a suicide bombing incident and the implementation of non-linear tactics to defeat a suicide bomber.
- Demonstrate non-linear tactics during a tactical response to an active shooter/aggression suicide bomber tabletop exercise.

### Target Audience

- Tactical Law Enforcement
- Fire Rescue
- Law Enforcement Supervisors and Commanders who support tactical units
- Crisis Negotiators

### Prerequisites

- U.S. Citizenship

### Class Size:

Maximum 30 students

## TRAINING – DRONE ASSESSMENT AND RESPONSE TACTICS, MOBILE (AWR-407) NEW MEXICO TECH

The Drone Assessment and Response Tactics (DART), Mobile course is an in-person and virtual-training format course hosted at any qualifying emergency personnel agency or organization in the US by New Mexico Tech (NMT) Energetic Materials Research and Testing Center (EMRTC) instructors.

The DART Mobile course provides emergency personnel with the knowledge and skills necessary to detect, identify, track, assess, respond, and report Unmanned Aircraft Systems (UAS) activity. Participants are presented with information on the current UAS criminal and terrorist threat, analog and electronic UAS detection techniques, and response tactics to address this threat. This course includes

discussion prompts related to the emergency personnel response to unsafe UAS activity at various national events in recent years

### Terminal Learning Objectives (TLOs)

- Recognize Unmanned Aircraft Systems (UAS) uses and components
- Recognize the threat posed by criminal and terrorist use of commercially available Unmanned Aircraft Systems (UAS) technology.
- Recall Unmanned Aircraft Systems (UAS) regulations and the counter-UAS tactics associated with first responder operations.
- Discuss C-UAS Tactics, Techniques, and Procedures (TTPs) used throughout a case study.
- Recall audio and visual detection techniques utilized when detecting potentially hazardous UAS activity.
- Recall tracking techniques and assessment methodology utilized when encountering Unmanned Aircraft Systems (UAS) activity.
- Recall response and reporting options when encountering suspicious or unsafe Unmanned Aircraft Systems (UAS) activity.
- Recall response and reporting options when encountering suspicious or unsafe Unmanned Aircraft Systems (UAS) activity.

### Target Audience

Emergency first responders.

### Prerequisites

- N/A

## CLOSED MEETING - UASI POC ANNUAL MEETING

Annual business meeting for the official Points of Contact (POC's) only.

#### **WORKSHOP – SENIOR OFFICIALS WORKSHOP FOR ALL-HAZARDS PREPAREDNESS (MGT-312)**

This workshop provides a forum for senior officials to understand strategic and executive-level issues related to all-hazards disaster preparedness, to share proven strategies and best practices, and to enhance coordination among whole community officials responsible for emergency preparedness, response, and recovery. The workshop emphasizes planning, operational coordination and public information and warning through extensive group discussions and a table-top exercise. The final outcome of the seminar is the development of an action plan to improve the preparedness posture of the community/organization.

##### **Training Level:**

- Management and Planning

##### **Venue:**

- This workshop is typically delivered at a time and place determined by the requesting jurisdiction. Each workshop, including site and curriculum delivery costs, is fully funded through DHS/FEMA's Homeland Security National Training Program.

##### **Course Length:**

- 8 hours

##### **Workshop Topics:**

- Roles and responsibilities and preparedness challenges
- Domestic preparedness resources and how to leverage them for your community.
- Homeland Security Strategic Planning as it relates to risk and needs assessment and the Emergency Operations Plan (EOP) for your jurisdiction.
- Executive-level incident response and recovery considerations, including medical/public health, situational appraisal, incident management (ICS), mutual aid agreements, media relations, recovery and restoration processes, Federal assistance, and business/economic recovery.
- Includes a practical exercise tailored for the jurisdiction(s) as the catalyst to generate discussion of policy and emergency operations center activities required to support the incident commander's and state/federal government requirements related to an all-hazard, catastrophic incident.

##### **Continuing Education Credits:**

- IACET - 0.6 CEUs

*For more information contact: TEXAS A&M ENGINEERING EXTENSION SERVICE – link to be provided*

##### **Course Materials:**

Participants receive an executive handbook on all-hazards preparedness. This reference book contains chapters on:

- The importance of all-hazards preparedness and the "right" questions to ask during an emergency situation.
- The National Response Framework
- Local Government Partner Guides
- ESF and Support Annexes
- Working with the media Overviews of:
  - The Stafford Act Support to States
  - DOD Support to Domestic Incidents; and

**AUGUST 10<sup>TH</sup> – 14<sup>TH</sup>**

## 2026 National Homeland Security Conference

Kentucky International Convention Center

221 S 4<sup>th</sup> Street

Louisville, KY 40202

### Draft Conference Agenda

- Federal Support in Non-Stafford Act events

#### Participants:

This workshop is intended for elected and appointed senior officials from a local jurisdiction, but may also include executives from other community entities, both public and private, that are likely to be involved in a disaster response, including:

- Directors of local response agencies
- Chiefs of departments: fire, law, EMS, HazMat, public works, water, public health, health care, emergency management, Governmental administrative disciplines/services
- Public Information Officers
- Resident federal agency representatives (FBI, BATF, Secret Service, FEMA, TSA)
- CEOs of hospitals
- College and university representatives
- School district superintendents
- Airport and port facility managers
- DoD installation commanders and representatives
- Stadium and sports facility managers and directors

#### Class Size:

- Approximately 70 participants

### **BENCHMARKING: PREPAREDNESS GRANTS MEET UP FOR STATE ADMINISTRATIVE AGENCIES REPRESENTATIVES**

The presentation will actually be a discussion among representatives of the FEMA Preparedness Grants State Administrative Agencies (SAA's). FEMA hosts a town hall each year at the NHSC to discuss topics and provide information from the federal government perspective related to the FEMA Preparedness Grant Programs. The meeting request that is submitted today would be for representatives from SAA's to have a discussion among their fellow SAA colleagues in order to meet, discuss best practices, and form a working group that will facilitate further colleague discussion, and assist new colleagues. The basic format is to identify an experienced colleague for each of the FEMA Preparedness Grant Programs as a subject matter expert, which could facilitate discussion, or answer questions for their program of expertise. The request for this session should take place hopefully prior to the FEMA Town Hall so that SAA's can assist other colleagues with items related to state administration that don't involve matters related to FEMA. Hopefully this session will allow the FEMA town hall to be more focused on those strictly federal government to SAA related matters.

## SEMINAR – STRATEGIC OVERVIEW OF DISASTER MANAGEMENT FOR WATER AND WASTEWATER UTILITIES (MGT-342) TEEX

This course was designed to provide an overview of disaster management for water and wastewater professionals who only require a general or introductory level of disaster management training. This course will present information regarding preparing for, responding to, and recovering from natural or human-caused disasters that threaten water and wastewater facilities and systems.

### Prerequisites:

- There are no prerequisites for this course.

### Recommendation:

Disaster Awareness for Water and Wastewater Utilities, An Introduction (AWR419) Online Course (2 hours)

### Topics:

- Recognize the importance of disaster preparedness and pre-incident mitigation.
- Explain the importance of responding and managing incidents that affect water or wastewater systems and facilities.
- Implement post-incident recovery planning strategies.

### Participants

- Emergency Management
- Public Works Management
- Utility Management
- Power Providers
- Healthcare and Hospital Management
- Water Authorities
- City and County Elected Officials
- City and County Emergency Managers
- Senior Emergency Response Personnel
- Water and Wastewater Utility Board Members, Operators, and Field Personnel
- Lab Personnel, Inspectors, and Engineers
- Senior Regulatory Officials
- Tribal Council Members

### Continuing Education and Professional Credits

- 0.4 IACET CEUs
- 4.00 hours – Texas Commission on Environmental Quality (TCEQ)
- International Association of Emergency Managers (IAEM)
