

National Homeland Security Conference 2026 Consent for Photography and Videography

By registering for this event, you consent to be photographed, filmed, videotaped, and/or otherwise recorded. Your registration confirms your agreement to such photography, filming, and/or recording, as well as the use of your appearance, voice, and name in any media, throughout the universe, in perpetuity, for any purpose related to the National Homeland Security Association event.

You understand that all photography, filming, and/or recording will occur based on your consent upon entering the event facilities. These may include conference rooms, boardrooms, exhibit halls, convention centers, and any other venue selected for the activity, including virtual platforms.

If you have any questions or concerns about this policy, please contact the National Homeland Security Association staff.

Additionally, if you are presenting on a classified subject and do not wish to have your presentation photographed or recorded, please contact the National Homeland Security Association staff to discuss special arrangements.
