## LIGHT RAIL

*Click map to view a larger version*

- Need to get from the airport to your downtown hotel? It will cost you \$2 if you take Phoenix's Valley Metro light-rail system. The cost of an all-day pass is \$4.
- But getting from the airport to downtown affordably is just one of light rail's perks. The 26-mile line links Phoenix to the neighboring communities of Tempe and Mesa, and includes stops at attractions such as Phoenix Art Museum, the Heard Museum, Chase Field, Talking Stick Resort Arena and Tempe's Mill Avenue District.
- Light rail's quiet, air-conditioned trains operate 18-22 hours per day, seven days a week, and stop every 12-20 minutes. The system operates at street level and is powered by electricity from overhead wires.
- There are [35 stations along the line](#), and they are adorned with \$8 million worth of public art. The artwork at each station reflects the character of the community where it is located. Station platforms can accommodate the boarding of 600 passengers onto a three-car train within 30 seconds.
- Convenient transportation to the airport comes by way of [PHX Sky Train](#). This driverless people mover transports Valley Metro Light Rail passengers to the airport from the 44th Street/Washington Street station.
